EDUCATION

SRM University AP — Andhra Pradesh, India
B.Tech., Computer Science & Engineering — *2023 – 2027*

Army Public School Dighi, Pune — Pune, India
Senior Secondary (XII), CBSE (PCM) — *2022*

- Scored 91.20%

Army Public School Kanpur — Kanpur, India
Secondary (X), CBSE — *2020*

- Scored 86.00%

WORK EXPERIENCE

Salesforce Developer Virtual Intern — May 2025 – Jul 2025
Salesforce (Trailhead Virtual Internship) | Remote

- Designed and implemented scalable data models and role-based security policies simulating an enterprise-grade Salesforce environment.
- Developed 500+ lines of Apex code to automate workflows, validate business rules, and ensure data consistency across custom objects.
- Built reusable Lightning Web Components focused on performance, accessibility, and responsive UI design.
- Earned **Agentblazer Champion** recognition (top 10%) by completing advanced Trailhead modules and superbadges.

PROJECTS

Real-Time Multi-Signal Classification System — *Hackathon Project | Repo*
Python, Machine Learning, Signal Processing

- Designed an end-to-end real-time signal classification system handling ECG, audio, and communication data with low-latency inference.
- Engineered a modular feature extraction pipeline using FFT, spectral, and statistical features, enabling easy extension to new signal types.
- Evaluated multiple ML models (XGBoost, Random Forest, SVM, Neural Networks) and optimised for accuracy–latency trade-offs.
- Built an interactive Streamlit interface with real-time visualisations, improving interpretability for non-technical users.

Digital Literacy Hub – Interactive Web Platform — *Self-initiated | Repo*

- Built an accessibility-first educational web platform with 8+ interactive modules targeted at non-technical users.
- Integrated an AI-powered chatbot achieving 90% query resolution, reducing user friction and improving engagement.
- Implemented multilingual support and voice-based interaction to improve inclusivity and reach.
- Optimised UI for mobile devices and accessibility standards (WCAG), ensuring consistent experience across devices.

Profile Map Application — *Repo*
React, TypeScript, Mapbox GL JS, Material-UI, Vite

- Architected a scalable React + TypeScript application to visualise 50+ dynamic user profiles on an interactive Mapbox map.
- Developed strongly typed, reusable UI components, significantly reducing runtime and state-related bugs.
- Improved application load time by 40% using Vite and optimised asset bundling.

Movie Site (Full Stack Application) *Repo*
HTML, CSS, JavaScript, Node.js, Express, MongoDB

- Developed a full-stack web application with RESTful APIs supporting CRUD operations for a movie review platform.
- Designed backend routes with input validation, error handling, and CORS configuration for production readiness.
- Improved perceived performance through optimised loading states and graceful error handling.

University Website *Repo*
HTML, CSS, JavaScript

- Designed a mobile-first university homepage (6 sections) scoring 100/100 on Lighthouse accessibility.
- Reduced layout shift by 40% using CSS Grid/Flexbox; added responsive hamburger navigation.
- Extending with Node.js backend for dynamic course data retrieval.

CERTIFICATIONS & ACHIEVEMENTS

- Awarded **75% merit-based scholarship** for ranking in the top 3% at SRM University AP.
- **SPOCSQ** – Indian School of Business (ISB) Mini Simulation (Oct 2024).
- **Heritage Structures and Conservation** – SRM University AP (Jan 2025): processed aerial drone imagery of 3 heritage sites using photogrammetry tools to generate 3D models for structural analysis.

SKILLS

Programming Languages: C++, C, Python, JavaScript (ES6+), TypeScript, SQL

Front-End: React, Tailwind CSS, Material-UI, HTML5, CSS3, Vite

Back-End: Node.js, Express.js, RESTful APIs, MongoDB

Machine Learning: Scikit-learn, XGBoost, TensorFlow/PyTorch, Feature Engineering, Signal Processing

Developer Tools: Git, GitHub, Salesforce Platform, Trailhead

Competencies: Data Structures & Algorithms, OOP, HTTP, Client–Server Architecture, Full Stack Development
